Resident Spotlight - Betty Grossmann

Betty has been a resident at Midland Meadows since September 2007. She loves staying active throughout the day with card games, puzzles, group activities and community outings.

Betty attended school in Middletown, NY. She graduated from high school in 1938 and afterwards went on to Business College in Patterson, NJ. Betty then put her secretarial skills to work at Arrow Carrier Corporation, and later went to work for the federal government at Army Signal Corp. Betty married in 1945 and shortly after started her family while living in Irvington, NJ. She and her husband had 4 children; Martha, George, Jan and Carl. The family later moved to Limeport, PA where Betty was on a committee to help form a library in the area. When the library was up and running, Betty worked there and began taking library courses for which she obtained college credits. In 1989, Betty retired after working at Thrall Library for 23 years. It was then that she and her sister started traveling around the country in their RV's to visit their children. Betty and her sister lived in Mexico during the winter months and traveled 8,000 miles in their RV every summer!
