

Resident Spotlight - Al and Betty Rush

They started out as sweethearts on the school bus, and in July, they will celebrate their 67th wedding anniversary! Al and Betty dated for three years before they were married on July 15, 1945. The wedding took place in the living room of Betty's parents in Brave, PA. After marrying, they moved to McKeesport, PA and had their first child, Larry, in June 1946. Two years later their son David arrived followed by Michael in 1951 and Barbara in 1955. When asked if there was anything funny or memorable about their wedding day, Al laughed and said, "we left a trail of rice across the lobby of the Morgan Hotel in Morgantown, WV." Congratulations on 67 beautiful years together. You are a blessing and inspiration to all of us at Midland Meadows.

Gardening At The Meadows

Be sure to take a look at the new addition to our courtyard this summer. Thanks to the hard work of Darin Paschall we now have an ornamental pond for our residents to enjoy. Darin, son of Glenda Guillotte and father-in-law of Jessie our Director of Nursing, has put a lot of long hours and hard work into this project.

Our garden is thriving due to the watch-care of our resident gardener, Clarence Sinnette. Clarence, along with his son John and daughter-in-law Robyn, planted the entire garden. This year we were able to have a larger garden thanks to Jeff and Keith who built the additional

raised beds for us to use. Aside from our usual tomatoes, peppers and green onions, we have added green beans, zucchini, squash and radishes. We are patiently looking forward to the harvest.
