## We Are Expanding!

We are very pleased and excited to announce our expansion at Midland Meadows. When completed in February 2013, we will have a 30 unit Alzheimer's/Dementia Care Community (The Meadow House) and six 2 bedroom, 2 bath, 1 car garage cottages (The Cottages at Midland Meadows). We will be the only senior living campus in the Tri-State area offering all three services on one campus. The Cottages will be for folks who aren't quite ready for assisted living but want services such as emergency call system, meals, housekeeping, laundry, maintenance free and transportation. We are currently taking deposits for both new projects. Come by and see a floor plan today!

## Thank You From Us All!

We would like to say a special thank you to resident Jean Jordan's son, Steve, for providing us with fresh produce this summer. Steve has a 2 acre garden and has been supplying us with tomatoes, cucumbers, peppers, watermelon and cantaloupe on a weekly basis. He even brought in two baskets full of pole beans for our residents to string and prepare for the evening meal. Thank you Steve for sharing your harvest with us!

## Employee Of The Quarter - Joann Pierce

Joann Pierce has worked at Midland Meadows as a Resident Assistant for one year. She currently resides in Milton and has two children, Georgina and James. Joann received her C.N.A. license from OIC in 1989. Her hobbies and interests include

reading, cooking, gardening and spending time with her granddaughter Rilyn. Joann said she likes working at Midland Meadows because it's like having a second family.
