Volunteer Of The Year

Kim Miller of Woman at the Well Ministries was presented with our Volunteer of the year award. Kim has volunteered as our chaplain at Midland Meadows since we opened 7 years ago. She not only leads church services in both communities three Sundays a month, but she also visits with our residents one on one every week. She is their pastor, their confidante and very dear friend. She can be found joining them on a lunch outing, fishing with them at Barbourville Park or leading the caroling on the bus ride to the Festival of Lights. Kim is always there for our residents, or "peeps" as she calls them. She has sat with many of them as they faced the end of their journey here on earth and has conducted many of their funeral services. Our residents dearly love her and it is obvious why. Her dedication and love for our residents is truly a blessing. Kim Miller, you are an angel to all of us at Midland Meadows, and we are so fortunate to have you as part of our team.

Welcome

We are excited to announce our new Director of Nursing, Jason Gibson RN, BSN, MSN. Jason will be starting on April 1st, so please drop in to say hello!

Thank You Volunteers!

Our volunteers were recognized at a special dinner to thank them for the many hours they give to our residents throughout the year. Denise Johnson and our dietary department prepared a delicious pasta bar and entertainment was provided by The New Horizons. Each volunteer was presented with a latte mug that said, "Volunteer, thanks a latte....you warm our hearts through and through with all the terrific work that you do. Your winning ways and attitude deserve a "latte" gratitude!"
